Plastic tubes and pots and pans
Bits and pieces
And magic from our hands
We're makin' weird science
Ooh, things I've never seen before

when you first turned on the light and woke me up,
and we started this adventure together.

Happy Anniversary .
My love ... my friend until the end.

Behind bolted doors

It's my creation
I do not know
No hesitations
Your heart of gold
Is flesh and blood
I do not know
Why do I know?
From my heart and from my hand
Why don't people understand
My intentions

Print .

Ooh ooh ooh ooh ooh ooh ooh weird science
